

Within the framework of ERASMUS+ BOOST program, held at the Armenian state pedagogical University (December 12, 2018)

As part of the ERASMUS+ BOOST program on December 12, 2018, a training was held at the Armenian state pedagogical University after Khachatur Abovyan, during which Armenian colleagues presented their experience of internationalization of universities, academic mobility, development prospects, formation of necessary intercultural communication skills, and also presented the work done within the framework of the BOOST program on the strategy of internationalization of universities.

During the training together with the representatives of Yerevan state conservatory the report was made by Asya Harutyunyan who is responsible for external relations of SHSU, presenting the processes aimed at implementing internationalization by internal forces.

The universities participating in the retraining noted the importance of frequent implementation of such trainings and cooperation with the universities participating in the program, monitoring the development and final results of the program.
