

## **Training in Sweden at the Royal Institute of Technology during ERASMUS+ BOOST program (February 18-22, 2019)**

From 18 to 22 February 2019 24 participants from Armenian State Pedagogical named after Xachatur Abovyan, American, Shirak State, Vanadzor State universities, Erevan State Conservatory named after Komitas, Ministry of Education, National Information Center of Academic Recognition and Mobility, as well as representatives from European partner universities participated in trainings at the Swedish Royal Institute of Technology.

Representatives from Shirak State University named after M. Nalbandyan were External Cooperation and Relation's Center's Director Hovik Melkonyan, Head of External Relations of the same center Asya Harutyunyan, Head of Student Support and Student-Employer Cooperation Elvira Zargaryan and lecturer at the Department of Physics and IT Vahram Muradyan.

The main goal was to teach representatives of Armenian universities tools of writing and presenting successful programs, as well as the policy of international students recruitment, and the steps to be taken.

Armenian universities presented some program ideas, which, after discussing with hosting representatives, were taken as program's preliminary option, and which had to be developed and submitted to the grant application.

The trainings were followed by program coordination meeting. During the meeting the achievements, results and the further activities were discussed.
