

## **Workshop within the framework of ERASMUS+ BOOST program at the RA Ministry of Education and Science (April 30, 2019)**

On April 30, 2019, the RA Ministry of Education and Science held a workshop within the framework of ERASMUS+ BOOST program.

Arayik Harutyunyan, RA Minister of Education and Science, and Lana Karlova, Coordinator of the National Erasmus+ Office in Armenia, came up with a welcome speech and highlighted the internationalization process of higher education in Armenia.

During the workshop, the representatives of the RA Ministry of Education and Science, the Armenian and European universities participating in the program also discussed the challenges of internationalization, the problems and their possible solutions. The approval of the national strategy of internationalization and the creation of “Study in Armenia” program was also highlighted, which would promote the successful implementation of the internationalization process.
