

Workshop at Shirak State University (March 22, 2019) within the framework of ERASMUS+ BOOST Program

On March 22, 2019, within the framework of the ERASMUS+ BOOST program, a workshop entitled "Prospects for the Internationalization of Higher Education" was held at Shirak State University.

During the workshop, Shirak State University team representatives of the ERASMUS+ BOOST program presented the experience of the European partners of the program on the internationalization of universities, academic mobility, development prospects, formation of the necessary intercultural communication skills, as well as the activities carried out within the framework of BOOST program in the direction of internationalization strategy of the universities.

The representatives of the workshop from ShSU and other universities of Gyumri highlighted the frequent conduction of such workshops and the cooperation with participating universities to follow the developments and outcomes of the program.
