

INFORMATION

About research opportunities in Singapore for Armenian researchers

S/N	Talent Scheme	Details	Link
1.	National Research Foundation (NRF) Fellowship	Provides opportunities for early career researchers to carry out independent research in Singapore, over a five-year period. It is open to all areas of science and technology. Outstanding young scientists and researchers of all nationalities are welcome to apply. The research grant can be used to cover personnel, equipment and consumable costs.	https://www.nrf.gov.sg/funding-grants/nrf-fellowship
2.	National Research Foundation (NRF) Investigatorship	Provides opportunities for established, innovative and active scientists and researchers, in their mid-career, to pursue ground-breaking, high-risk research in Singapore, over a five-year period. There is no open grant call for applications and candidates must be nominated by a Singapore host institution (including universities and A*STAR research institutes).	https://www.nrf.gov.sg/funding-grants/nrf-investigatorship
3.	CREATE Fellowship	Provides opportunities for mid to senior professorial-level researchers to flexibly collaborate on cutting-edge research	https://www.create.edu.sg/about-create/create-fellowship

		<p>programmes at CREATE (Campus for Research Excellence and Technological Enterprise), an international collaboratory of research centres set up by top global universities and research institutes in Singapore. The Fellowship will cover stipends and expenses including travel and accommodation, for a period of 12 months spread over no more than four years.</p>	
4.	Singapore International Graduate Award	<p>Provides support for up to four years of PhD studies at Singapore universities (NUS, NTU, SMU, SUTD) or A*STAR research institutes. Award coverage includes tuition fees, monthly stipend and one-time airfare grant and settling-in allowance.</p>	<p>https://www.a-star.edu.sg/Scholarships/for-graduate-studies/singapore-international-graduate-award-singa</p>
5.	A*STAR Research Attachment Programme	<p>Provides opportunities for PhD students from overseas universities to conduct one to two years of research at A*STAR research institutes, jointly supervised by staff at A*STAR and the overseas universities.</p>	<p>https://www.a-star.edu.sg/Scholarships/for-graduate-studies/a-star-research-attachment-programme</p>
6.	Singapore International Pre-Graduate Award	<p>Provides opportunities for top international students (pursuing Bachelor's or Master's degrees) to embark on short-term research attachments at A*STAR</p>	<p>https://www.a-star.edu.sg/Scholarships/for-undergraduate-studies/singapore-international-pre-graduate-award-sipga</p>
